Hello there! We are thinking about moving up and moving on. Let's get started with this warm up -

Try warming up the body with MOOVE UP by Big Joe - see if you can follow the dance steps of TML Crew, Jay Laurente .

How did you do? Did you manage to keep up with the moves?

Here's two moving up and on songs which you can join in with to help you prepare for the changes which always happen at the end of one year as we look forward to the next step along the way.

Try singing "Ill Always Remember You" with Hannah Montana

What are you thankful for? What things will you remember? And why?

This one is a little more traditional, "Keep Me Travelling Along with You" - Billy Doze sings and performs this in his own way.

Have a go - are there ways you would sing this in your own way? Try recording it and don't forget to share.

The children on Bosvigo school used "When I grow up" as a backdrop to look at how much they have grown and changed since they began school. They have found photos of themselves as babies, toddlers and school starters.

They have also thought about what jobs they want to do when they get older? Can you make a time line of photos of you growing up? Take a photo of yourself showing what things you want to spend your time doing in the future.

Make a slide show of your photos and use the music from Matilda - or make a recording of you singing along to the song -
