Hi everyone, this week we're off to the seaside 😊  
 We're going to warm up with a fun guessing game, 'Sailor on the sea'.  
[https://youtu.be/kTC2b\\_ctf1E](https://youtu.be/kTC2b_ctf1E)  
 Did you notice, every time you sing the song you get another clue?  
 Get a cardboard box and play the game with a friend, or someone from your family.

Learn to sing the song, 'On the Beach' - you can almost imagine yourself there; join in with the singing and dancing - grab your sunhat and sunglasses and off you go!

<https://youtu.be/IHPURkhiMWc>

'Oh, I do like to be beside the seaside' is a well-known song; find your own instrument to play along with the band:

## On the Beach

On the breeze, a seagull's flying, in the sea, the children splashing,  
 On my feet, my flip-flops flopping, oh, what a lovely sunny day, today.  
 Ice-cream melting in the heat, pebbles crush beneath your feet,  
 Shells are washed up by the tide, just behind the donkey ride.  
 It feels so good to get away on our summer holiday, -iay, -iay...

We'll say boom, ay-oh, ah-ha, so put out your hands and stretch as high as you can,  
 We'll say boom, ay-oh, ah-ha, we'll play in the sand all day, having fun out on the beach.

Beanie hat and red sunglasses, I can see a big sandcastle,  
 In the rock-pool, we found treasure, is it a bottle, who can tell?

Toes that wiggle in the sand, fall down when you try to stand,

Laughing as the waves roll in, tomorrow, do it all again,  
 I'm so glad we came away on our summer holiday, -iay, -iay... **We'll say boom... (repeat...)**

Have you ever seen a Punch and Judy theatre at the seaside? You can learn more from Milkshake Monkey! He also shows you how to make your own sock puppets!

<https://youtu.be/sKqZtOsx6KE>

You could put on a show for your family with two puppets; can you think of some funny jokes to practise with?

If you get your parents to help you, you could make your own puppet theatre... <https://youtu.be/8d-nTIkm-10?t=1>
